It was good to be out in the community especially on Carnival morning with the sun shining a chinook fly past and a real buzz in the town. What a great job everyone involved did.

NHS App Training Events

Following patient feedback, we planned some NHS App training in 2026 to help patients and carers registered at Goyt Valley Medical Practice with using the NHS App. The events were well attended and we received very positive feedback on how they had helped.

The PPG has also been working with the Practice in developing an electronic registration process for PPG membership in addition to the paper registration which is currently used.

We have also been busy developing information which we hope is easier to understand:

- Lasting power of Attorney
- Proxy Access

A new PPG notice board will soon be visible at Goyt Valley Medical Practice, (Whaley Bridge site) and we hope that you find the information we post here helpful.

New members are always welcome so please take a look at the GVMP website under the PPG section to find out more or pick up a leaflet at the Practice.
